

## AMBULANCE SERVICES

### Includes Air and Ground Transportation

#### Policy

AllWays Health Partners reimburses licensed ambulance providers for the provision of medically necessary ground and air transportation in a medical emergency for AllWays Health Partners members. AllWays Health Partners reimburses licensed ambulance providers for medically necessary interfacility transportation. In limited circumstances, AllWays Health Partners reimburses non-emergency ambulance transportation when prior authorized.

#### Policy Definitions

Ambulance services are composed of ground transportation including advanced life-support (ALS), basic life-support (BLS), wheel chair van, or air ambulance services.

Please reference the [Transportation Medical Policy](#) for criteria and medical necessity requirements on all non-emergency transportation services.

Interfacility transportation is defined as transportation from one acute hospital, acute rehabilitation hospital, long-term acute care hospital, or skilled nursing facility to another facility with a different provider number.

Intracampus transportation is defined as transportation between facilities that share the same provider number.

#### Reimbursement

Providers are reimbursed according to the plan's network provider reimbursement or contracted rates. Claims are subject to payment edits that are updated at regular intervals.

Covered services are defined by the member's benefit plan. The manner in which covered services are reimbursed is determined by the AllWays Health Partners Payment Policy and by the provider's agreement with AllWays Health Partners. Member liability amounts may include, but are not limited to, copayments, deductible, and/or co-insurance, and will be applied dependent upon the member's benefit plan.

Various services and procedures require referral and/or authorization. Referral and authorization requirements can be locate [here](#). Please reference procedure codes from the current CPT, HCPCS Level II, and ICD-10-CM manuals, as recommended by the American Medical Association (AMA), the Centers for Medicare & Medicaid Services (CMS), and the American Hospital Association. CMS and

the AMA revise HIPAA medical codes on a pre-determined basis, including changes to CPT, HCPCS, and ICD-10 codes and definitions.

Please refer to the CMS or CPT guidelines for requisite modifier usage when reporting services. The absence or presence of a modifier may result in differential claim payment or denial.

AllWays Health Partners reviews claims to determine eligibility for payment. Services considered incidental, mutually exclusive, integral to the primary service rendered, or part of a global allowance, are not eligible for separate reimbursement. Please refer to [Coding Provider Payment Guidelines](#) for more information.

All claims are subject to audit services and medical records may be requested from the provider.

AllWays Health Partners reimburses ambulance mileage according to applicable benefits and the AllWays Health Partners/provider contract in effect at the time services are rendered. Coverage for ambulance transportation is dictated by the member's benefit plan; geographical restrictions may apply.

## AllWays Health Partners Reimburses

- Medically necessary emergency ambulance ground transport, including an ambulance attendant; extra attendants are not reimbursed
- Medically necessary non-emergency ambulance ground transport, when prior authorized, based on member's plan coverage

### Modifiers

AllWays Health Partners requires the use of two-digit HCPCS ambulance service modifiers to be submitted in the first modifier field for all ambulance services.

Combine two one-digit modifiers to form a two-digit modifier. The first digit identifies the ambulance’s place of origin as the second digit identifies the ambulance’s destination.

Bill using the appropriate combination of two-digit HCPCS ambulance modifiers, as follows:

<b>Modifier</b>	<b>Descriptor</b>
D	Diagnostic or therapeutic site other than P or H when these are used as origin codes
E	Residential, domiciliary, custodial facility (other than 1819 facility)
G	Hospital-based dialysis facility
H	Hospital
I	Site of transfer (e.g., airport or helicopter pad) between modes of ambulance transport
J	Free standing ESRD facility
N	Skilled nursing facility (SNF)
P	Physician’s office
R	Residence
S	Scene of accident or acute event
X	Intermediate stop at physician’s office on way to hospital (destination code only)

The following modifiers are considered secondary modifiers. Please bill in the second modifier position on the claim form.

<b>Modifier</b>	<b>Descriptor</b>
CR	Catastrophe/disaster related
GM	Multiple patients on one ambulance trip
QL	Patient pronounced dead after ambulance called/dispatched
QM	Ambulance service provided under arrangement by a provider or services (institutional-based providers)
QN	Ambulance service furnished directly by a provider of services (institutional-based providers)

## Provider Payment Guidelines and Documentation

- Submit ambulance services on a CMS 1500 form, with the appropriate HCPCS code included in your provider contract
- Bill with the appropriate origin/destination modifier, in the first modifier field
- Bill round trip ambulance transport on two separate lines:
  - Line one for the initial transportation
  - Line two for the return transportation
- Enter the AllWays Health Partners authorization number in Box 23, when applicable

This document is designed for informational purposes only. Claims payment is subject to member eligibility and benefits on the date of service, coordination of benefits, referral/authorization/notification and utilization management guidelines when applicable, adherence to plan policies and procedures, claims editing logic, and provider contractual agreement. In the event of a conflict between this payment guideline and the provider's agreement, the terms and conditions of the provider's agreement shall prevail. Payment policies are intended to assist providers in obtaining AllWays Health Partners' payment information. Payment policy determines the rationale by which a submitted claim for service is processed and paid. Payment policy formulation takes into consideration a variety of factors including: the terms of the participating providers' contract(s); scope of benefits included in a given member's benefit plan; clinical rationale, industry-standard procedure code edits, and industry-standard coding conventions.
