

Ambulatory Surgery Centers

Policy

AllWays Health Partners reimburses contracted providers for covered, medically necessary ambulatory surgical services rendered in an Ambulatory Surgical Center (ASC).

Reimbursement

Providers are reimbursed according to the plan's network provider reimbursement or contracted rates. Claims are subject to payment edits that are updated at regular intervals.

Covered services are defined by the member's benefit plan. The manner in which covered services are reimbursed is determined by the AllWays Health Partners Payment Policy and by the provider's agreement with AllWays Health Partners. Member liability amounts may include but are not limited to: copayments; deductible(s); and/or co-insurance; and will be applied dependent upon the member's benefit plan.

Various services and procedures require referral and/or prior authorization. Referral and prior authorization requirements can be located [here](#).

Please reference procedure codes from the current CPT, HCPCS Level II, and ICD-10-CM manuals, as recommended by the American Medical Association (AMA), the Centers for Medicare & Medicaid Services (CMS), and the American Hospital Association. CMS and the AMA revise HIPAA medical codes on a pre-determined basis, including changes to CPT, HCPCS, and ICD-10 codes and definitions.

Please refer to the CMS or CPT guidelines for requisite modifier usage when reporting services. The absence or presence of a modifier may result in differential claim payment or denial.

AllWays Health Partners reviews claims to determine eligibility for payment. Services considered incidental, mutually exclusive, integral to the primary service rendered, or part of a global allowance, are not eligible for separate reimbursement. Please refer to [Coding Provider Payment Guidelines](#) for more information.

All claims are subject to audit services and medical records may be requested from the provider.

MassHealth and MyCare Family: entire guideline applies

Commercial: entire guideline applies

Observation Services

Ambulatory Surgical Care reimbursement is inclusive of reimbursement for post-procedure time for normal recovery services. In the rare circumstance in which the patient's post-procedural course of care requires treatment beyond this allotted time, the member should be admitted either to

observation or to inpatient status. The typical process for admission applies in either case. The facility must have authorization to admit the patient to an observation status.

AllWays Health Partners Reimburses

- The facility component of the surgery, in accordance with the provider contract in effect at the time services are rendered.

AllWays Health Partners Does *Not* Reimburse

- Observation services billed for normal recovery time
- Recovery room charges
- Services resulting in an inpatient admission at the same facility. Such services are included in the reimbursement for the resulting inpatient admission

Provider Payment Guidelines and Documentation

Although this guideline addresses the ASC facility component only, physician coding and ASC coding of the procedures performed must match.

- AllWays Health Partners follows CMS OPPS guidelines for ascertaining surgical services appropriate to the Ambulatory Surgical setting. Please refer to CMS for more information on specific services that may be delivered in this site of service.
- Submit ASC claims for the facility component on a UB-04 Form, with Revenue Code 0490. CPT/HCPCS codes must be reported for each procedure/service rendered.
- Submit Professional services on a separate claim with place of service code (POS) 24 (Ambulatory Surgical Center).

Modifiers

Modifier	Descriptor	Comments
50	Bilateral Procedure	Industry standard multiplier may apply
51	Multiple Procedures	Industry standard reduction may apply

January 1, 2019	<i>Document restructure; codes, code descriptor and references updated</i>

This document is designed for informational purposes only. Claims payment is subject to member eligibility and benefits on the date of service, coordination of benefits, referral/authorization/notification and utilization management guidelines when applicable, adherence to plan policies and procedures, claims editing logic, and provider contractual agreement. In the event of a conflict between this payment guideline and the provider's agreement, the terms and conditions of the provider's agreement shall prevail. Payment policies are intended to assist providers in obtaining AllWays Health Partners' payment information. Payment policy determines the rationale by which a submitted claim for service is processed and paid. Payment policy formulation takes into consideration a variety of factors including: the terms of the participating providers' contract(s); scope of benefits included in a given member's benefit plan; clinical rationale, industry-standard procedure code edits, and industry-standard coding conventions.

AllWays Health Partners includes AllWays Health Partners, Inc. and AllWays Health Partners Insurance Company.
