Provider Payment Guidelines

Crisis Intervention – ED Boarding

Policy
Mass General Brigham Health Plan reimburses medical facilities for the provision of medically necessary, crisis intervention services to treat and stabilize to Mass General Brigham Health Plan members awaiting an inpatient acute psychiatric placement in a facility emergency department (ED) or observation setting.

Reimbursement
Providers are reimbursed according to the plan’s network provider reimbursement or contracted rates. Claims are subject to payment edits that are updated at regular intervals.

Covered services are defined by the member’s benefit plan. How covered services are reimbursed is determined by the Mass General Brigham Health Plan Payment Policy and by the provider’s agreement with MASS GENERAL BRIGHAM HEALTH PLAN. Member liability amounts may include but are not limited to copayments; deductible(s); and/or co-insurance; and will be applied dependent upon the member’s benefit plan.

Please reference procedure codes from the current CPT, HCPCS Level II, and ICD-10-CM manuals, as recommended by the American Medical Association (AMA), the Centers for Medicare & Medicaid Services (CMS), and the American Hospital Association (AHA). CMS and the AMA revise HIPAA medical codes on a pre-determined basis, including changes to CPT, HCPCS, and ICD-10 codes and definitions.

Please refer to the CMS or CPT guidelines for requisite modifier usage when reporting services. The absence or presence of a modifier may result in differential claim payment or denial.

Mass General Brigham Health Plan reviews claims to determine eligibility for payment. Services considered incidental, mutually exclusive, integral to the primary service rendered, or part of a global allowance, are not eligible for separate reimbursement. Please refer to the General Coding and Billing PPG for more information.

All claims are subject to audit services and medical records may be requested from the provider.

Mass General Brigham Health Plan’s reimbursement is based on the line of business. Unless otherwise specified within the medical policies, please follow the guidelines based on membership type:
