What you want in your health plan: it's all here

Comprehensive coverage

The plan benefits are built for the whole you (and your family) in every way. They include medical, behavioral health, wellness programs, and more. With AllWays Health Partners, your access to high-quality care is everything.

We make it easy to get care

Your HMO coverage starts with your primary care provider (PCP), who'll treat you when you're sick or hurt, and for routine care, like a physical. You can find a PCP by searching our DoctorSmart directory or calling us. When you need specialty care, like a heart doctor, your PCP will refer you to specialists to help ensure coordinated care. Referrals are needed for certain specialty services.

A provider network that can compete with any other

Our strong and growing provider network competes with other local insurers. To find doctors in our network, go to allwayshealthpartners.org/gic. And, if you don't see your provider in our directory, please let us know.

World-class hospitals

All the best are here: Massachusetts General Hospital, Beth Israel Deconess Medical Center, MetroWest Medical Center, Brigham and Women's Hospital, Lahey Hospital and Medical Center, Saint Vincent Hospital, Beth Israel Deaconess Hospital-Plymouth, and many more throughout the state. And even better—there is no hospital tiering!
