Overview

Prescriptions that meet the initial step therapy requirements will adjudicate automatically at the point of sale. If the prescription does not meet the initial step therapy requirements, the prescription will deny with a message indicating that prior authorization (PA) is required. Refer to the criteria below and submit a PA request for the members who do not meet the initial step therapy requirements at the point of sale.

Initial Step-Therapy Requirements:

First-Line: Medications listed on first-line are covered without prior-authorization.

Second-Line: Second-line medications will pay if the member has filled at least TWO first-line medications or a second-line medication within the past 180 days.

Coverage Guidelines

FIRST-LINE	SECOND-LINE
clobazam (tablet and suspension) clonazepam (tablet) diazepam (rectal gel, tablet) felbamate (tablet and suspension) tiagabine (tablet) vigabatrin (tablet and powder pack) phenytoin (chew tablet, suspension) phenytoin Sodium (extended capsule, injection) ethosuximide (capsule, solution)	Oxtellar XR Trokendi XR
