**Coverage Guidelines**

Approval of a new-to-market medication may be approved when the following criteria is met:

1. The requested drug is being used for an FDA-approved indication that is covered under the member’s plan documents OR for a recognized off-label use of an FDA-approved drug used in the treatment of cancer or HIV/AIDS **AND**
  - a. Documentation from the prescriber the patient had an inadequate treatment response or intolerance to all formulary alternatives for the given diagnosis (or to at least one agent within each of a given class of agents when more than one class is available for the diagnosis); **OR**
  - b. The patient has a contraindication to all formulary alternatives; **OR**
  - c. This is the only FDA-approved product for the patient’s diagnosis and documentation from the prescriber showing that all other available lines of treatment consistent with generally accepted practice and/or guidelines from a nationally recognized entity for the diagnosis being treated have been exhausted.

**Limitations**

The duration of coverage will be limited to 6 months.
