Overview

Sunosi is indicated to improve wakefulness in adult patients with excessive daytime sleepiness associated with narcolepsy or obstructive sleep apnea (OSA).

Coverage Guidelines

Authorization may be granted for members who are currently receiving treatment with Sunosi, excluding when the product is obtained as samples or via manufacturer’s patient assistance programs.

OR

Authorization may be granted for members when all the following criteria are met, and documentation is provided:

1. The member is ≥ 18 years of age
2. The member is using Sunosi to improve wakefulness in those with excessive daytime sleepiness associated with narcolepsy **OR** obstructive sleep apnea (OSA)
3. The member has had previous trial, inadequate response or contraindication to modafinil **AND** armodafinil

Continuation of Therapy

Reauthorization requires physician documentation of improvement of member’s condition.

Limitations

Authorizations will be approved for 12 months
