Building better value and service with our prescription drug benefits

At Mass General Brigham Health Plan, we're always looking for ways to improve our members' experience. To that end, we will partner with Optum Rx to manage pharmacy benefits for members beginning January 1, 2024. Optum Rx is committed to helping you get the most out of your pharmacy benefit. They provide accessible, easy, and cost-effective ways for you to get the medication you need.

Here are some important things to know:

- Optum Rx has a broad national pharmacy network. It includes most major chains like CVS Pharmacy, Walgreens, and Rite Aid, as well as grocery store pharmacies and many independent pharmacies across the United States.
- You and covered family members will receive new Mass General Brigham Health Plan ID cards closer to January 1. They will include information that will help pharmacies and providers serve you. You'll need to use these cards starting January 1, 2024.
- This new partnership will not affect your benefits or cost sharing. We do update our covered drug list throughout the year as new medications become available, so it's always a good idea to check our covered drug list at the website below for any changes. These updates could include but are not limited to the addition of lower-cost alternatives, changes to preferred products, and other tier updates.
- If you receive mail order or specialty prescriptions, Optum Rx may reach out to help ensure a smooth transition.
- Any prior authorizations you receive for medications at participating pharmacies will remain in place after January 1, 2024.

Visit us online for more details

We want to make sure your care is uninterrupted and that you get all the care and services you need from Day 1. If you have questions about Optum Rx or would like to learn more, scan the QR code or visit MassGeneralBrighamHealthPlan.org/pharmacy-2024.

HMO

Your health
is everything
to us.

Mass General Brigham Health Plan offers innovative benefits that support your best health.

Our health plan offerings include routine check ups and more, helping members reach their physical and mental health goals. Whether you need help finding a primary care provider, a specialist, starting therapy, help managing a chronic condition, or building better nutritional habits—our team is ready to connect you with resources that will support you along your health journey.

We can also connect you with our health coaches if you'd like to discuss wellness goals that are specific to you, whether you're trying to eat more healthy foods, quit smoking, or relieve stress.

Accessing care with your plan

HMO coverage starts with your primary care provider for routine care. When you need specialty care, your provider will refer you to specialists to help ensure coordinated care. Referrals are needed for certain specialty services. In addition, certain services or procedures may require a prior authorization.

Money-saving pharmacy coverage

Our FlexRxSM pharmacy coverage* offers:

- Access to thousands of participating pharmacies nationwide, including CVS Pharmacy®, independent pharmacies, and chains like Walgreens® and Rite Aid®
- 90-day supply of certain maintenance medications through mail order or at local participating pharmacies
- Lower- or no-cost coverage for many over-the-counter (OTC) drugs with a prescription at a participating pharmacy

DoctorSmartSM rewards you with \$25 – \$500 for choosing high-value care

Our DoctorSmart online tools make it easy for you to find doctors, estimate costs for procedures, and even receive \$25 – \$500 cash rewards for having certain services with high-quality, lower-cost providers.

Three no-cost pediatric sick and behavioral health visits

This parent and wallet-friendly benefit covers the first 3 sick in-network primary care provider visits and 3 in-network behavioral health visits for members age 18 and younger at no member cost sharing, per benefit period.**

Wellness tools and resources

- Our health and wellness tools offer personalized recommendations to improve your health
- Use any one of our free, healthy living programs, including live interactive webinars, a health library, and online communities
- Free one-on-one health coaching is available via phone or email

* Some employers do not offer pharmacy coverage through Mass General Brigham Health Plan.

** Does not apply to HSA plans.

More ways to support your health and wellbeing

Talk with a recovery coach

Recovery isn't something to face alone. Our recovery coaches understand the hurt caused by stigma and shame and can thoughtfully act as guides, mentors, and advocates. Recovery coaching is available to all plan members.

Talk with a health coach about your wellness goals

If you're looking for some personal support to help you achieve your wellness goals, our Health Coaches are here to help. For no additional cost, you can talk to a health coach about any health and wellness topic that's on your mind, like how to eat more vegetables, quit tobacco, or integrate walking into your daily routine. Just email us at HealthPlanHealthandWellness@mgb.org or call the Customer Service number on the back of your member ID card and ask to talk to a Health Coach.

Get help addressing your complex care needs

The Your Care Circle (YCC) program is designed to help members with complex, overlapping care needs manage their physical and behavioral health at no additional cost. A team of behavioral health care managers and registered nurses will work with you to develop an appropriate care plan to address your health challenges, coordinate communication among your providers, and ensure your best health. The YCC program also includes Peer Recovery Coaches who have lived experience with substance use disorder and can guide and support members before, during, after, and instead of treatment. You can self-refer to this program when you email HealthPlanYourCareCircle@mgb.org or call the number on the back of your member ID card and ask about the Your Care Circle care management program.

No member cost for pediatric benefits designed for the health of the whole family

This family-friendly benefit is available to each child (age 18 and younger) on your plan, per benefit period. It is included on most plans, but does not apply to Health Savings Account (HSA)-compliant plans.

3 sick child PCP visits at no cost to members

To help parents save money and relieve stress during an already stressful time, most of our plans include \$0 cost sharing for the first three sick child office visits with an in-network PCP. This benefit is designed to make getting care easier and more affordable, at a time when it is needed most.

3 behavioral health visits at no cost to members

\$0 cost sharing for the first three child office visits with an in-network behavioral health provider. After all, good mental health is a priority. It makes sense to remove the worry from seeking the care you need.

Sample savings for a family of four

Break down of the savings to a family of four whose year includes 2 strep throats, an earache, a skin rash, a stomach bug (both kids), and visits with an in-network behavioral health provider to stay on top of anxiety and depression.

Savings in copays for two children

Child one:
3 sick child visits x \$20 copay = \$60
3 behavioral health visits x \$20 = \$60
Child two:
3 sick child visits x \$20 copay = \$60
3 behavioral health visits x \$20 = \$60

Total family savings = \$240 per benefit period

For more information, visit [MassGeneralBrighamHealthPlan.org](https://www.massgeneralbrighamhealthplan.org), email HealthPlanCustomerService-Members@mgb.org, or call us at **866-643-8392**.

Pharmacy Benefit Guide

MassGeneralBrighamHealthPlan.org

Welcome to FlexRx

The Mass General Brigham Health Plan FlexRxSM program is built for choice, savings, and convenience with benefits including:

- Low-cost drug tier for many common medications
- Coverage for many common over-the-counter drugs
- Savings on a 90-day supply of certain maintenance medications at participating retail pharmacies or by mail-order, depending on your benefit plan
- Online tools to help you manage your plan and save money

Questions?

Members can log in to Member.MassGeneralBrighamHealthPlan.org at any time to find complete information about their pharmacy benefits:

- Searchable drug lookup tool
- A list of medications in the Maintenance 90 program
- Information about mail order
- And more

Mass General Brigham Health Plan Customer Service

To speak with a Customer Service professional, please call the number on the back of your member ID card. Representatives are available Monday through Friday 8:00 AM to 6:00 PM, Thursday 8:00 AM to 8:00 PM. Service is available 24/7 for pharmacy issues. Just select “pharmacy” when prompted.

The proper names of medications mentioned in this publication are used for informational purposes only and are trademarks or registered trademarks of their respective companies. FlexRx applies to commercial and Health Connector plans.

Our Pharmacy Benefit

We partner with CVS Caremark® to manage pharmacy benefits for our members. Mass General Brigham Health Plan and CVS Caremark offer online tools to help you find pharmacies, estimate your costs, search for medications, and more.

Filling prescriptions

You may fill your prescription medications at any pharmacy in our national network, which comprises tens of thousands of pharmacies including independent pharmacies and major chain pharmacies such as CVS Pharmacy, Walgreens®, Rite Aid®, Stop & Shop Pharmacy®, Walmart Pharmacy®, and more.

Covered medications

Use the Mass General Brigham Health Plan drug lookup tool online to check if a medication is covered.

Our Pharmacy Formulary

Our pharmacy formulary is the complete list of prescription medications covered under your pharmacy benefit. It was developed by doctors, pharmacists, and other experts who review clinical drug studies and determine the most reasonably priced medications that have been approved as safe and effective by the Food and Drug Administration (FDA).

You can search our formulary online. If you have questions about non-covered medications, call Customer Service.

6-Tier Placement

The Mass General Brigham Health Plan pharmacy benefit places all covered drugs into tiers.

Tier 1 – includes lower cost generic medications. Generic drugs contain the same active ingredients as their brand name counterparts.

Tier 2 – includes other generics and may include some brand name medications.

Tier 3 – includes high costing generic and preferred brand name medications.

Tier 4 – includes higher cost generics and non-preferred brand name medications.

Tier 5 – includes generic specialty and preferred specialty medications.

Tier 6 – includes non-preferred specialty medications.

Each tier has a level of cost sharing. Cost sharing is the amount you have to pay for your medical services, medications, or equipment. Cost sharing may include deductibles, coinsurance, and copayments. Premiums and costs for non-network providers or non-covered services are not part of cost sharing. Members can log in to Member.MassGeneralBrighamHealthPlan.org to view plan documents and learn about cost-sharing responsibilities.

Doctors and pharmacists have reviewed all medications in our formulary for safety, quality, and effectiveness. You can determine what tier your drug is in by using the drug lookup tool available online.

How You Can Help Reduce Your Costs

Maintenance 90-day Supply

If you take certain maintenance medications, the Mass General Brigham Health Plan Maintenance 90 program requires you to get a 90-day supply to ensure you always have your most important medications on hand. Your cost sharing may also be lower when you fill a 90-day prescription. Maintenance medications treat chronic conditions such as high blood pressure and diabetes. Short-term medications do (for example, pain medication and antibiotics) not have this requirement.

To see if a medication is considered a maintenance medication, use the drug lookup tool.

How can I get a 90-day supply of my maintenance medication?

Access90

Fill your 90-day prescriptions at your local participating pharmacy with our Access90 program. Simply bring a 90-day prescription for your maintenance medication to a participating retail pharmacy.

Mail order

Sign up for a 90-day supply through the mail on [Member.MassGeneralBrighamHealthPlan.org](https://www.massgeneralbrighamhealthplan.org).

Over-the-counter drug benefit

Some over-the-counter medications, including cough syrup, allergy medication, and nicotine replacements, are covered by your Mass General Brigham Health Plan pharmacy benefit with a valid prescription from your doctor.

Cost sharing may vary depending on the drug prescribed. Members can check [Member.MassGeneralBrighamHealthPlan.org](https://www.massgeneralbrighamhealthplan.org) to see which over-the-counter medications are covered along with cost-sharing information.

Therapeutic Class

A “therapeutic class” is a group of medications used to treat the same medical condition. For example, medications that treat high cholesterol are all in the same therapeutic class.

When a brand name medication does not have a covered generic equivalent, it may have covered generic alternatives in the same therapeutic class. Generic alternatives contain different active ingredients but treat the same condition.

The Value of Generic Medications

Mandatory generic substitution*

Generic medications have the same active ingredients, quality, and results as brand name drugs, and they are approved by the U.S. Food and Drug Administration (FDA). Inactive ingredients like colorings and fillers, which also must meet FDA guidelines, are usually the only differences between generic and brand name medications. For this reason, our mandatory generic substitution requires you to try a generic medication before the brand name medication is considered for coverage.

Prior authorization is required for an exception to our mandatory generic medication pharmacy benefit.

Our Pharmacy Management Program

Mass General Brigham Health Plan has programs in place to help our members use medications safely and effectively. These programs are managed by practicing doctors and pharmacists.

Prior authorization

Prior authorization (a clinical review of medical necessity) is sometimes required before a specific medication may be dispensed. We review and use criteria developed and approved by the Mass General Brigham Health Plan Pharmacy & Therapeutics Committee.

The clinical review process may take up to 48 hours after we have received complete information. We will notify both you and your doctor as soon as we make a decision.

You can find out if your medication requires prior authorization by searching our covered drug list online.

Quantity limit

Mass General Brigham Health Plan may limit the number of units (tablet, capsule, or liquid) for a specific medication you may receive in a given time period to ensure safe and appropriate use. These limits are based on recommended dosing schedules and the availability of several strengths of the medication. Quantity limits automatically apply at the time the prescriptions are purchased. Mass General Brigham Health Plan requires prior authorization for exceptions to our quantity limits.

** Exceptions may apply.*

Step therapy program

The step therapy program helps provide you with the most appropriate and affordable drug treatment plan. Before filling a prescription for certain costly second-step medications, we require that you first try an effective but less expensive first-step medication.

If you have already tried a first-step medication and your doctor prescribes a second-step treatment, we automatically approve coverage for that alternative in most cases.

If your prescription records do not indicate the use of a first-step medication, or if you are a newly enrolled member with no prescription history, your doctor may contact Mass General Brigham Health Plan to request an exception to the step therapy program.

Specialty pharmacy program

We partner with a select group of specialty pharmacies to provide medications for complex medical conditions. Search the covered drug list online to see what medications are included in the specialty pharmacy program.

Specialty pharmacies have expertise in the delivery of the medications they provide and offer services not available at a traditional retail pharmacy including:

- All necessary medication and supplies for administration (at no additional charge)
- Convenient delivery options to your home or office with overnight or same-day delivery available when medically necessary
- 24/7 access to nurses, pharmacists, and care coordinators specializing in the treatment of your condition
- Refill reminders by phone to help you stay on your medication
- Educational resources regarding medication use, side effects, and injection administration

If your prescription is included in the specialty pharmacy program, please contact your doctor, who can submit a new prescription referral form to the correct specialty pharmacy. For additional assistance, or if you have any questions about our specialty pharmacy program, please call Customer Service.

Exclusions

Mass General Brigham Health Plan covers medications only that are medically necessary for preventive care or for treating illness, injury, or pregnancy. The following medications or services are excluded from our covered drug list:

- Dietary supplements¹
- Therapeutic devices or appliances (except where noted)¹
- Biologicals, immunization agents, or vaccines obtained through the medical benefit
- Blood or blood plasma²
- Medications which are to be taken by or administered to an individual, in whole or in part, while he or she is a patient in a licensed Hospital, nursing home, or similar institution which operates on its premises or allows to be operated on its premises, a facility for dispensing pharmaceuticals
- Charges for administration or injection of any drug²
- If an FDA approved generic drug is available, the brand name equivalent is not covered
- Progesterone supplements
- Fluoride supplements / vitamins for members more than age 13 except for prenatal vitamins
- Drugs whose sole purpose is to promote or stimulate hair growth or for cosmetic purposes only
- Drugs labeled “Caution—limited by federal law to investigational use” or experimental drugs even though a charge is made to the individual
- Medications for which the cost is recoverable under Worker’s Compensation or Occupational Disease Law or any state or government agency or medication furnished by any other drug or medical service for which no charge is made to the member

¹ Covered in certain circumstances under the durable medical equipment (DME) benefit.

² Covered under the medical benefit.

- Any prescription refilled in excess of the number of refills specified by the physician or any refill dispensed after one year from the physician's original order
- Drugs that are not FDA approved
- Schedule 1 controlled substances (for example, marijuana)

Exceptions

You or your provider may request an exception for coverage of any drug that is excluded or limited. Exceptions will be granted only for clinical reasons. For additional information, call Mass General Brigham Health Plan Customer Service.

Frequently Asked Questions

Can I go only to CVS pharmacies to fill prescriptions?

The CVS Caremark network comprises tens of thousands of pharmacies nationwide including independent pharmacies and major chain pharmacies such as CVS Pharmacy, Walgreens, Rite Aid, Stop & Shop Pharmacy, Walmart Pharmacy, and more.

My doctor has prescribed a medication that is not listed in the Mass General Brigham Health Plan covered drug list. What should my doctor do to request an exception?

When a covered alternative is not medically appropriate for you, your doctor may request coverage of a non-covered medication. CVS Caremark will review the request and determine if the request meets medical necessity.

How does Mass General Brigham Health Plan decide what medications to cover?

Our Pharmacy & Therapeutics (P&T) Committee is responsible for reviewing medications included in our covered drug list. The committee of doctors and pharmacists reviews medications for clinical appropriateness, safety, and side effects.

How soon do new medications approved by the FDA become available to Mass General Brigham Health Plan members?

Newly approved medications are reviewed by the Mass General Brigham Health Plan P&T Committee regularly. During the period when a new medication is being reviewed, it is not covered by your pharmacy benefit; however, as with other non-covered medications, your doctor can request an exception when there is no other medically appropriate alternative available to you.

How do I find out which tier my medication is in?

Search our covered drug list online to see what tier your medications are in.

How do I refill a prescription while on vacation?

If you are traveling in the U.S., ask your doctor for a prescription to take with you. Fill it at any participating pharmacy in our nationwide network.

Members can use the find-a-doctor tool on [Member.MassGeneralBrighamHealthPlan.org](https://www.massgeneralbrighamhealthplan.org) to search for a participating pharmacy.

Is my pharmacy benefit available across the U.S.?

Your pharmacy benefit is available in all 50 states. You can fill your prescriptions at any participating pharmacy in our nationwide network.

Notice of Privacy Practices

This notice describes how health information about you may be used and disclosed, and how you can get access to this information. Please review it carefully. Mass General Brigham Health Plan provides health insurance coverage to you. Because you get health benefits from Mass General Brigham Health Plan, we have protected health information (PHI) about you. By law, Mass General Brigham Health Plan must protect the privacy of your health information.

This notice explains:

- When Mass General Brigham Health Plan may use and share your health information.
- What your rights are regarding your health information.

Mass General Brigham Health Plan may use or share your health information:

- When the U.S. Department of Health and Human Services needs it to make sure your privacy is protected.
- When required by law or a law enforcement agency.
- For payment activities, such as checking if you are eligible for health benefits, and paying your healthcare Providers for services you get.
- To operate programs, such as evaluating the quality of healthcare services you get, providing care management and disease management services and performing studies to reduce healthcare costs.
- With your healthcare Providers to coordinate your treatment and the services you get.
- With health-oversight agencies, such as the Federal Centers for Medicare and Medicaid Services, and for oversight activities authorized by law, including fraud and abuse investigations.
- For health research.
- With government agencies that give you benefits or services.
- With plan sponsors of employer group health plans, but only if they agree to protect that information.
- To prevent or respond to an immediate and serious health or safety emergency.
- To remind you of appointments, benefits, treatment options or other health-related choices you have.
- With entities that provide services or perform functions on behalf of Mass General Brigham Health Plan (Business Associates), provided that they have agreed to safeguard your information.

When a federal or state privacy law provides for stricter safeguards of your PHI, Mass General Brigham Health Plan will follow the stricter law. Except as described above, Mass General Brigham Health Plan cannot use or share your health information with anyone without your written permission. You may cancel your permission at any time, as long as you tell us in writing. Please note: We cannot take back any health information we used or shared when we had your permission.

For purposes of underwriting, Mass General Brigham Health Plan is prohibited from using or disclosing any genetic information.

Mass General Brigham Health Plan does not use your health information for any marketing purposes and will not sell your health information to anyone.

You have the right to:

- See and get a copy of your health information that is contained in a "designated record set." You must ask for this in writing. To the extent your information is held in an electronic health record, you may be able to receive the information in electronic form. In some cases, we may deny your request to see and get a copy of your health information. Mass General Brigham Health Plan may charge you to cover certain costs, such as copying and postage.
- Ask Mass General Brigham Health Plan to change your health information that is in a "designated record set" if you think it is wrong or incomplete. You must tell us in writing which health information you want us to change, and why. If we deny your request, you may file a statement of disagreement with us that will be included in any future disclosures of the disputed information.
- Ask Mass General Brigham Health Plan to limit its use or sharing of your health information. You must ask for this in writing. Mass General Brigham Health Plan may not be able to grant this request.
- Ask Mass General Brigham Health Plan to get in touch with you in some other way, if by contacting you at the address or telephone number we have on file, you believe you would be harmed.

- Get a list of when and with whom Mass General Brigham Health Plan has shared your health information. You must ask for this in writing.
- Be notified in the event that we or one of our Business Associates discovers a breach of your protected health information.
- Get a paper copy of this notice at any time.

These rights may not apply in certain situations.

This notice, effective as of April 17, 2019, will remain in effect until we change it. By law, Mass General Brigham Health Plan must give you notice explaining that we protect your health information, and that we must follow the terms of this notice. If Mass General Brigham Health Plan does make important changes, we will send you a new notice and post an updated notice on our website. That new notice will apply to all of the health information that Mass General Brigham Health Plan has about you. Mass General Brigham Health Plan takes your privacy very seriously. If you would like to exercise any of the rights we describe in this notice, or if you feel that Mass General Brigham Health Plan has violated your privacy rights, contact our Privacy Officer in writing at the following address:

Confidentiality

Mass General Brigham Health Plan takes seriously our obligation to protect your personal and health information. To help in maintaining your privacy, we have instituted the following practices:

- Mass General Brigham Health Plan employees do not discuss your personal information in public areas such as the cafeteria, on elevators or when outside of the office.
- Electronic information is kept secure through the use of passwords, automatic screen savers and limiting access to only those employees with a "need to know."
- Written information is kept secure by storing it in locked file cabinets, enforcing "clean-desk" practices and using secured shredding bins for its destruction.
- All employees, as part of their initial orientation, receive training on our confidentiality and privacy practices. In addition, as part of every employee's annual performance appraisal, they are required to sign a statement affirming that they have reviewed and agree to abide by our confidentiality policy.
- All providers and other entities with whom we need to share information are required to sign agreements in which they agree to maintain confidentiality.
- Mass General Brigham Health Plan only collects information about you that we need to have in order to provide you with the services you have agreed to receive by enrolling in Mass General Brigham Health Plan or as otherwise required by law.

In accordance with state law, Mass General Brigham Health Plan takes special precautions to protect any information concerning mental health or substance abuse, HIV status, sexually transmitted diseases, pregnancy or termination of pregnancy.
